Image by Pierre Grenier

EuroGP

9th European Conference on Genetic Programming: High quality papers are sought on topics strongly related to genetic programming, ranging from theoretical work to innovative applications.

EvoCOP

6th European Conference on Evolutionary Computation in Combinatorial Optimisation: Invited are practical and theoretical contributions related to metaheuristics, including evolutionary computation techniques for solving combinatorial optimisation problems.

EvoWorkshops

EvoBIO: Bioinformatics and computational biology.

EvoHOT: Evolutionary algorithms applied to design automation.

EvoCOMNET: Communications, networks, and connected systems.

EvoIASP: Image analysis and signal processing.

EvoMUSART: Evolutionary Music, art, and creative systems.

EvoSTOC: Stochastic and dynamic environments.

EvoInteraction: Interactive evolution and humanized computational intelligence.

EvoPhD: Graduate student workshop on evolutionary computation.

Dates

Submission deadline: 4 Nov. 2005

Notification of acceptance: 12 Dec. 2005

Camera-ready papers: 9 Jan. 2006

Organisation

Aniko Ekart, Hungarian Academy of Sciences (Local Chair)

EVONET: Network of Excellence in Evolutionary Computing
